

## FAST Financial Aid

# How the Program Works

Over 67 million in the United States alone suffer from some form of speech disorder, and millions of patients across the world cannot afford speech therapy. CompleteSpeech is partnering with the Foundation for Articulation and Speech Therapy (FAST) to offer a solution.

FAST is a non-profit organization that works together with CompleteSpeech to provide sponsored speech and language therapy with the most advanced biofeedback technology to those who need it. Using the SmartPalate, a patented electropalatography device, CompleteSpeech offers the most innovative and cutting-edge speech therapy technology in the world. The FAST Financial Aid Program raises donations to provide therapy and biofeedback tools from CompleteSpeech for free or discounted price to people who can't afford them on their own.

### How Does it Work?

**1** Those who qualify for Financial Aid Program (Financial Aid Qualifications: [link to FA qualifications doc](#)) can then submit a Financial Aid Application to FAST at [contact@fastspeech.org](mailto:contact@fastspeech.org). Applications can be found using the following link: [insert link for application](#)

**3** Those who qualify for Financial Aid Program (Financial Aid Qualifications: [link to FA qualifications doc](#)) can then submit a Financial Aid Application to FAST at [contact@fastspeech.org](mailto:contact@fastspeech.org). Applications can be found using the following link: [insert link for application](#).

**5** Once the CompleteSpeech software and system are received in the mail, clients can begin working with their SLP using the SmartPalate. For the duration of the membership, it is necessary for both clients and clinicians to complete home practice reports and session reports. These reports must be submitted to FAST on the 5th of each month for the duration of the sponsorship.

**2** Those who are seeking financial aid for therapy with CompleteSpeech's biofeedback tools must find a Speech Therapist in their area who works with the SmartPalate system. SLP's who use CompleteSpeech technology can be found using the following link: <http://completespeech.com/slpnearme/>

**4** If approved by FAST for financial aid, candidates may then submit a CompleteSpeech Student Membership Order Form to [contact@fastspeech.org](mailto:contact@fastspeech.org). Order Forms must be submitted to FAST within 30 days of receiving sponsorship approval. After submitting the Order Form, clients will then follow instructions from CompleteSpeech and wait to receive the SmartPalate System and other speech therapy tools in the mail

**6** After using the SmartPalate System, See the Difference with CompleteSpeech! At the end of the Sponsored Student Membership, clients must return their leased SmartPalate system to CompleteSpeech.
